**Lutheran, English language hymnals according to [www.wikipedia.org](http://www.wikipedia.org)**

“Note: Not all congregations use a hymnal from their own denomination. For example there are churches in the *Evangelical Lutheran Synod* that use the two oldest *LCMS* hymnals as well as the current *WELS* hymnal.

Religious MP3's & Midi's

These are the traditional songs of worship and praise from Lutheran Hymnals presented in midi, in mp3, in lyrics and in sheet music. We will endeavor to provide as much permissions and copyright will allow. It seems everyone has a favorite hymn, many will be found here, but our focus is on the hymns found in Lutheran hymnals, and until we gather all of those, we are not considering anything else. Most of the files are general midi, and can be played by almost any computer soundcard, and a variety of other midi devices. All of the files are original copyrighted work, and are for personal private use only. Many of our midi hymns are presented in original copyrighted arrangements. While We come at things from a Lutheran perspective, without a doubt these are the hymns of the whole church. While one is rightly proud of great German hymn writers of the Lutheran Reformation, and all the chorales that were written that the people of God might sing his praises; we also acknowledge our debt to the English hymn writers and the early translators who brought the music of the Reformation into the English speaking church, that process also brought into the German church many additional melodies for which we also have great regard, likewise we acknowledge the hymns of the church which proceeded the Reformation back to the earliest times. Our church music is a great treasure, and it is our hope that many will come to appreciate how God's grace has enabled us to sing with one voice.

Let the word of Christ dwell in you richly,  
teach and admonish one another in all wisdom,  
and sing psalms and hymns and spiritual songs  
with thankfulness in your hearts to God.
